Yelloh Ice Cream Voluntary Recall of Totally Cool Products

One of our manufacturing suppliers, Totally Cool, Inc., has initiated a recall of multiple brands of ice cream products, including from Yelloh and others, due to potential contamination with *Listeria monocytogenes* at one of Totally Cool's facilities. Specific Yelloh products impacted are:

Product Identification Code	3-Digit Shopping Code	Product
6T3227 - 6T4157	#375	4 fl. oz. Vanilla Nut Ice Cream Sundae Cones
6T3227 - 6T4157	#374	4 fl. oz. Vanilla Fudge Ice Cream Sundae Cones
6T3227 - 6T4157	#373	4 fl. oz. Vanilla Chip & Mint Ice Cream Sundae Cones
6T3227 - 6T4157	#372	4 fl. oz. Pecan Praline Ice Cream Sundae Cones
6T3115 - 6T4171	#371	4 fl. oz. Chocolate Chip Ice Cream Sandwiches
6T3115 - 6T4171	#370	4 fl. oz. Cookies & Cream Ice Cream Sandwiches

The safety of our products is a non-negotiable for us. If you have one of the products listed above and it is unused, please immediately dispose of it.

Contact us to request a refund by taking a photo of the Product Identification Code (PIC) on the box and sending it to us via [this online form](#) where we can further assist you: [click here for the online form](#)

To date, no illnesses resulting from these Yelloh products have been reported. Additionally, no other Yelloh products, flavors, sizes, or packs are produced by that facility or have been impacted. We will remain in close contact with Totally Cool as it determines the contamination source and steps to ensure prevention of future incidents.

How to identify the Product Identification Code in the products

The Product Identification Code (PIC) on the product package takes the form of number-letter-4 numbers as demonstrated in the picture below.
